

Exciting news at Casa de Campo: **WELCOME TO THE NEW RACQUET CENTER!**

We are thrilled to share some exciting developments at our world renowned **Tennis Center** that reflect our commitment to continued innovation and improvement for our evolving community. In the past, our facility was exclusively focused on tennis, boasting the Caribbean's largest facility with 13 premium Har-Tru clay courts, night play, and our ever famous and philanthropic ball boy program.

With the ongoing changes in sporting interests and new sports entering our lifestyles, we have continued to expand tennis facility to include a diverse range of racket sports. Hence, we are excited to introduce the newly rebranded and reimagined "**Racquet Center**" of Casa de Campo, which now boasts the largest "Racquet" Center in the Caribbean!

HERE'S A SNAPSHOT OF THE EXCITING CHANGES:

11 HAR-TRU CLAY TENNIS COURTS:

Our dedication to the traditional clay court experience remains unwavering, with 11 meticulously maintained Har-Tru surfaces that continue to be the heart of our Racquet Center.

1 HARD SURFACE TENNIS COURT:

For those seeking a different feel underfoot, we've introduced a state-of-the-art Plexipave hard court, providing an alternative surface for our tennis enthusiasts.

2 PADEL TENNIS COURTS:

Embracing the growing popularity of padel, we've added two dedicated courts to accommodate this fast-paced and exciting sport.

4 PICKLEBALL COURTS:

In response to the surging demand for pickleball, we've introduced four top-notch courts, ensuring that players of all skill levels can enjoy this rapidly expanding and inclusive sport.

We invite you to come and experience the new Racquet Center firsthand.

Our team is committed to providing you with an exceptional and diverse range of sporting opportunities, and we look forward to welcoming you to a dynamic and thriving community of racquet sports enthusiasts.
